CAREER OBJECTIVE

I seek for a position in a growing health organisation that will enable me utilise my creative and innovative skills acquired for the past three years and through my clinical experiences to achieve professional growth for the health organisation, improve lives and provide the best person-centred care system for the needy and society at large. I am confident, passionate and eager to contribute to team success through hard work zeal, attention to details and excellent organisational skills in medical, surgical, obstetric, paediatric nursing and adult care

WORK EXPERIENCE

Registered Nurse

Komfo Anokye Teaching Hospital- Emergency Medicine (A&E)

May 2021 - current / Kumasi-Ghana

- Admitted and Discharge over 10000s patients.
- Worked with patients family to provide instructions on caring for their relative outside of the hospital to reduce 80% further complications.
- Checked and monitored vitals signs such respiration, temperature, pulse, blood pressure to enable triage patients in adverse conditions and save millions of people.
- Led the entire nursing team to ensure HIPPA compliance through regular education and seminars.
- Trained new nursing staff and student nurses on departmental best practices for patient care and effective communication amongst the team.
- Assisted over 40 patients with personal care, such as bathing (bed bath, tub, shower), oral hygiene, shaving, and hair care.
- Turned and positioned immobile patients 3 times per day while maintaining proper body alignment.
- Assisted with urinary catheter removal, checked blood sugars, routine urine and stool specimen collection, ostomy care, emptying drainage receptacles/tubes, and bladder care for respective diagnosis.
- Implemented CPR during ICU rotation for patients who coded.
- Provided a full range of care from wound treatment to broken bone immobilization to the administration of medication for over 25 patients per shift in the ER.

Rotation Nurse

Holy Family Hospital, Berekum
(Medical/Surgical/Paediatric/Emergency/Public Health/Obstetric and Psychiatry Unit)

August 2019 - April 2020 /

Berekum-Ghana

- Built trust and rapport with parents and kept them in the loop on the care issued to their adults and children.
- Executed clinical rotations in ICU, Oncology, Neurology, Medical-Surgery, Paediatrics, and Geriatrics as part of nursing curriculum in the hospital with over 200 bed capacity.
- Obtained vital signs, height, weight, and demographic data.
- Maintained an empathetic approach to patient care, and educated patients regarding their trauma and care.

Clinical Experience

Wenchi Methodist Government Hospital

Speciality units

August 2015 - September 2018 / Wenchi -Ghana

- Administered primary care and assessments for outpatient procedures at the dermatology practice.
- Maintained adequate education to patients and provided instructions for pre-op and post-op care.
- Assessed patient vitals and performed necessary lab tests such as blood sugars, random diagnostic tests which helps commence and diagnose over 95% of patients at the hospital.
